

UPDATE YOUR KNOWLEDGE IN KEY AREAS OF DEMENTIA CARE

A DAY OF WORKSHOPS AND PRESENTATIONS THURSDAY 25 OCTOBER 2012

The Sebel & Citigate King George Square Brisbane
Cnr Ann & Roma Streets, Brisbane

The **QLD Dementia Training Study Centre (QLD DTSC)** and the **Dementia Collaborative Research Centres (DCRC)** will provide a day of workshops and presentations designed to update your knowledge in key areas of caring for people with dementia. This event, facilitated by the NSW/ACT Dementia Training Study Centre, is part of a series of successful events held in Melbourne, Sydney, Adelaide and Perth. This is a nationwide program to bring researchers and practitioners together.

The presenters will provide you with an update on Australian research and an opportunity to explore how this research can be used to help you improve your practice.

The program is an exciting mix of two hour workshops and shorter presentations that will guarantee you to have the opportunity to hear about a wide range of topics and be involved in in-depth discussions on those that are of most importance to you.

'This Knowledge Transfer event has been endorsed by APEC number 016091001 as authorised by the Royal College of Nursing, Australia according to approved criteria and attracts 6 RCNA CNE points'

REGISTRANTS WILL BE ABLE TO REGISTER FOR A FULL OR HALF DAY

Day Registration - \$195 (INC GST)

Includes two workshops, a presentation, workbook, morning tea, afternoon tea and lunch.

Half Day Registration - \$95 (INC GST) (Afternoon Only)

Includes one afternoon workshop, a presentation, workbook and afternoon tea.

BY FRIDAY 19 OCTOBER 2012

PRESENTERS AND TOPICS

8.15 – 9.00	Registration and Refreshments		
9.00 – 9.15	Welcome from the Queensland Dementia Training Study Centre		
9.15 – 10.15	Research Overviews		
10.15 – 10.45	Morning Tea		
10.45 – 12.45	DCRC Workshop 1 Prof Lynn Chenoweth	Professor of Aged and Extended Care Nursing, Faculty of Nursing, Midwifery and Health, University of Technology, Sydney	Carer coaching This research includes an evidence based “train-the-trainer” practical program for community nurse delivery to family caregivers, who are supporting persons with mild to moderate dementia living at home
	DCRC Workshop 2 Sharon Wall	Knowledge Translation Project Manager, DCRC; Independent Clinical Gerontologist, Sydney	Pain and pain management & people living with dementia The latest DCRC and other dementia care pain research has been integrated into a very practical workshop for nurses and health care workers across all settings. Main deliverable for participants is a take away Pain In-Service ready for immediate application
	DCRC Workshop 3 Dr Eva van der Ploeg	Research Fellow, Aged Mental Health Research Unit, Monash University, Melbourne	Behavioural Psychological Symptoms of Dementia (BPSD) Applied research involving the use of Montessori Activities among people living with dementia who are suffering from BPSD. Breakthrough research is presented with a workshop designed to enable participants to have “hands on” experience with the use of Montessori Activities. Bottom Line: there is great potential for the application of this intervention to improve the experience of older people with dementia through the training of nurses, health care workers and volunteers
	DCRC Workshop 4 Dr Peter Spitzer	Chairman and Medical Director, Humour Foundation, Sydney	SMILE Project: the use of humour with people living with dementia The research involved the intervention of humour therapy in the daily care of people living with dementia as residents of hostels and nursing homes. This was achieved through the use of LaughterBosses and ElderClowns. The results of this research and a humour therapy workshop will be delivered by Dr Spitzer, Director of ElderClowns
12.45 – 1.45	Lunch (for full day registrants only)		
1.45 – 2.45	Concurrent sessions: Presentations from Queensland researchers		
	Presentation 1 Dr Alison Argo	Clinical Geropsychologist, Older Persons Mental Health Service, Ipswich Hospital, West Moreton	Gauging insight in dementia – implications for safety and risk management
	Presentation 2 Dr Judy McCrow	Research Fellow, Dementia Collaborative Research Centre	Delirium and Delirium Superimposed and Dementia (DsD)
	Presentation 3 Dr Christine Neville	Deputy Director, University of Queensland Ipswich Clinical School	Implementing innovative recreational activities for people with dementia
	Presentation 4 Dr Maria O’Reilly	Research Fellow, Dementia Collaborative Research Centre	Designing and implementing meaningful activities for people living with dementia
2.45 – 3.15	Afternoon Tea		
3.15 – 5.15	DCRC Workshop 1 Prof Lynn Chenoweth	Professor of Aged and Extended Care Nursing, Faculty of Nursing, Midwifery and Health, University of Technology, Sydney	Carer coaching This research includes an evidence based “train-the-trainer” practical program for community nurse delivery to family caregivers, who are supporting persons with mild to moderate dementia living at home
	DCRC Workshop 2 Sharon Wall	Knowledge Translation Project Manager, DCRC; Independent Clinical Gerontologist, Sydney	Pain and pain management & people living with dementia The latest DCRC and other dementia care pain research has been integrated into a very practical workshop for nurses and health care workers across all settings. Main deliverable for participants is a take away Pain In-Service ready for immediate application
